ACCOUNTABILITY 2030 IN THE ASIA REGION: Lessons Learned from CAO and Inspection Panel Cases and the Way Forward

Thursday, October 11, 2018, 2:00 - 3:30 PM

Room Jakarta A, Civil Society Policy Forum, Bali International Conference Center

This session will bring together a high-level panel from civil society, government, and the World Bank Group to share insights from CAO and Inspection Panel (IPN) cases and trends for accountability in Asia. The session will focus on development issues in the Asia region and the role governments and private sector can play to enhance transparency and accountability. The panel will also discuss environmental and social accountability in the context of the World Bank Group's new "Cascade Strategy" which prioritizes the role of private sector in promoting development in low-income and fragile countries in Asia and worldwide.

CHAIR

Susan Ulbaek, Executive Director for Denmark, World Bank Group
